

Emergency Equipment Tag

The Emergency Equipment Tag includes a practical holder and inserts. The holder can easily be attached to a wide range of emergency equipment, including fire extinguishers, first aid kits and spill kits. The insert can include inspection records and information on who to contact after use of the emergency equipment. The tag can easily be combined with the Safetrak equipment inspection software to facilitate inspection planning and auto-generate reports on inspection completion.

- can be attached to a range of emergency equipment
- tag insert records inspection dates and authorised inspector signatures
- tag insert can be removed on failed equipment check, leaving a clear 'do not use' message in the empty tag holder
