

ToughStripe™ Cold Floor Marking Tape

ToughStripe Cold

- Ideal for cold room and cold chain process applications
- Efficiently organise areas and walkways
- Promote safe practices to limit risks, prevent accidents and avoid injuries or worse.
- Can be applied down to a temperature of -18°C

Easily increase efficiency and safety with ToughStripe Cold floor marking while limiting spoiling risks for temperature-sensitive products. The ToughStripe Cold floor marking tape enables users to organise areas and walkways in cold storage. It can be applied to the floor at a temperature of -18°C.

Optimise efficiency:

Storage areas, walkways, vehicle routes should all be marked by floor tapes to optimise workflows and provide specific guidance in time-critical logistic processes.

Maximise safety:

Organise workflows with floor tapes to promote safe practices that limit risks, prevent accidents and avoid injuries or worse.

Material:

ToughStripe Cold is made with Brady B-505 to mark aisles, passageways, storage locations and other areas in cold room and cold chain process applications.

Material: polyester

B-number: B-505
